**NEVADA STATE EDUCATION ASSOCIATION**

**Board of Directors Report**

to the

**2022 Delegate Assembly**

The NSEA (Nevada State Education Association) Board of Directors met quarterly to conduct the business of the association. Several mini meetings were used to handle business that needed guidance and or a vote of the board in between our normally scheduled meetings.

- **POLICIES:** The Board of Directors spent the last two years working with the policy committee reviewing and updating NSEA policies. (*Refer to the report from the Policy, Bylaw, and Resolutions Committee*)
- **STRATEGIC PLAN:** The board working together produced the four priorities area for the strategic plan, Public Perception, Economic Health, Membership and Political. Currently, the strategic plan has being introduced to the local presidents and will soon be worked on at the local level.
- **TIP (Together in Politics) BOARD:** The directors also serve as the NSEA TIP Board. The board has started the early endorsement process. Most candidates, incumbents and new must reinterview for NSEA's endorsement. (*Refer to the report from the Government Relations Committee*)
- **FIDUCIARY RESPONSIBILITIES:** The board receives quarterly reports from the NSEA Treasurer and Budget Committee. (*Refer to the report from the Budget Committee*)
